Leah Kaye, Graphic Designer & Cover Artist

Revised: July 2019

"Leah Kaye Suttle was first introduced to me as the artist who designed my book cover, "Beside Still Waters", with Soul Mate Publishing. Leah took my initial idea and ran with it, and the results are fantastic. The muted shades she selected for the background are perfect, reflecting both the stillness of the waters and the tone of the story. The couple in the foreground look like they are such in love, friends and completely comfortable with each other and themselves. That also reflects the characters within. Overall, I could not be more pleased with Leah's vision for my book." – **Ryan Jo Summers**

"Leah designed the perfect cover for my paranormal romance, Health nut Cafe. From concept to completion she captured the subtle elements of the story without giving away too many secrets. The cover has drawn readers from all genres. Leah's creativity, professionalism and patience makes her the perfect designer for any market." – **Rhonda Frankhouser**

"Leah designed my first Dreamspinner Press book cover and I was extremely impressed with the result. In the cover, she managed to convey everything I wanted to say about the book. It all came together to make one really powerful image that told my story in one picture. I can heartily recommend Leah's work." – **Susan Mac Nicol**

"Leah has the rare talent to reach inside my brain, pull out my ideas, and splat them on paper in the most perfect way I could imagine. I've enjoyed working with her, and will keep working with her in the future." – **V.L. Dreyer**

"My cover artist, Leah Kaye Suttle, deserves a round of applause for the magnificent artwork and cover design that she created. I am pretty picky about art in general and had definite ideas about what I wanted. Leah really came through for me, and I can't wait to work with her again on the next two covers!" – **J. Paige Dunn**

"I've hired Leah to design five book covers for me this year, and I couldn't be more pleased with each of them. For each cover she worked with me to find just the right images to compliment the story and the characters. Each time I have worked with her, she has been extremely professional and has always delivered the final product as promised. I would recommend her to anyone who needs any type of visual design work completed." – **Christina Tetreault**

"My book has started on its third month of being available to the world. The sales have way too much room for improvement, so my ePublisher and I decided to change the cover art. He hired a cover artist named Leah and she did such a great job that I wanted to cry when I saw the redo. And then I wanted to cry again when I checked my amazon.com ranking and saw that I had sold books while I was sleeping . . ." – **Angela Guajardo**

"Leah walked me through the process of coming up with graphics for a non visual person. She was smart and quick and I got exactly what I wanted even though going in, I had no idea what I wanted!!" – **Lisa Marie Rice**

"I was in awe when I first laid eyes on my cover for Play With My Heart. Leah's artistry exhibited the perfect mood and theme for the book. Hardly any adjustments were needed and Leah was amazing to work with." – **Meda White**

"Working with Leah on my book cover designs, was a joy from start to finish! She really understood my vision for both books. She is extremely good at what she does and I highly recommend her for any of your graphic design needs." – **Willow A. Renner**

"It was a pleasure working with Leah as she helped design the full cover for my first book. I decided initially to go with Leah because of her reasonable fees. Her services were much more affordable than the others, yet the quality was still comparable. Everything was done promptly and accurately, and she was patient with me as a first timer. She listened to what I wanted and found the perfect photos to use, then melded them together to make a beautiful cover. If I publish other novels, I will definitely go to her again for her designs." – **Kristie Higgins**

"Having been traditionally published in the past I was especially nervous when it came to creating a cover for my first independent project. I contacted a few different graphic designers, but none of them could deliver what I was looking for. That was until I found Leah through a forum on Goodreads.com. Not only was Leah personable, she was quick and reliable with great rates I could appreciate. Needless to say, the cover she presented me was perfect! I didn't need to change a thing. It was even better than the original concept I came up with. Leah was able to capture everything I described. Every time I look at it, I get more excited for the book's release!" – **Cassandra Carter**

Leah Kaye, Graphic Designer & Cover Artist

"I am publishing my first novel to Amazon this year and I was struggling to find someone who could make me a decent and professional cover. Through a friend finding her on facebook, I found Leah. Not only is she amazingly talented but super awesome and a joy to work with. She answered all my questions (and because this is my first novel I had a lot of questions) and helped me along in the cover-art process. She was able to take the details of my book I provided and the end result was incredible. I highly recommend Leah Kaye." - **RA Odum**

"It was a pleasure to work with Leah. Despite the difference in our time zones, she was always quick to respond to any emails I sent and to help me formulate my ideas into a beautiful graphic. I'm very particular and can be difficult but she was patient and lovely and took my suggestions, improving on them until we were both extremely happy with the result. She accepts nothing less than perfection, and you can trust her to do 1000% on any graphic you could ask for. A definite recommend for all your design needs." - **Jess Raven and Paula Black**

She always responds on time, her prices are reasonable, and you can always count on her to get the job done. I was really satisfied with all the designs Leah created for me and would definitely recommend hiring her if you want a job- not just well done- but above and beyond your expectations!" - **AS Hamid**

"After searching the web for different options, I stumbled across Leah on Goodreads. I checked out many of the early samples of her work and absolutely fell in love with her style so, I contacted her. She was beyond incredibly patient with me! We talked via email for some time, trying to match my thoughts and wishes with some possibilities and finally she was able to begin working. I cannot tell you the number of times she revised things for me because they were close, but still not what I had in mind. I never anticipated the absolute patience and professionalism she showed in dealing with my many 'quirks' but she was fantastic! And, her final product was beyond phenomenal!" - **Marisa Adams**

"I just received the final version of the artwork for my next book, "Long Shot" and was more than impressed. I really appreciate the way you [Leah] took my needs and concerns into account and held my hand through the process. I have now had the opportunity to work with three different artists and found you [Leah] to be the best. It's not just about the art, though yours is great. It's also about the way you help make the ideas of my work come to life. That's what an artist does and you do the profession a great justice." - **LC Wright**
